16 - 18 February 2024

Venue | **Prof. Jayashankar Telangana State Agricultural University, Hyderabad**

Confederation of Indian Industry - Southern Region, in partnership with the Govt. of Telangana is organising its 4th edition of Agri tech South 2024 scheduled from 16 - 18 February 2024 at Professor Jayashankar Telangana State Agricultural University, Hyderabad.

Agri-Tech South aims to create a platform to showcase and introduce the best and latest Agri inputs, products, services and technologies that would drive the agriculture of the future. It would also serve as a platform to convene some of the best minds from across the globe in the space of agriculture along with key representatives from government, industry, academia and the farming community to discuss, deliberate, identify priorities and propose an agenda for the growth of the agriculture sector in the country.

KEY HIGHLIGHTS

 3-days Exhibition with 5000+ Sqm area	 3 Days Conference with 1000+ Delegates	 150+ Exhibitors
 Experience Center for farmers on various farm implements	 50,000+ Visitors	 Workshops and training sessions on key topics

Advancing Sustainable Agri Food Systems

Along with the Agri-Tech South 2024, "AGRIVISION", a 2-day Conference will be organised to bring all the stakeholders of Agriculture production from India and across the globe to create a platform for new business opportunities in the agri-value chain and importantly introduce practical learning to the farming community.

The plenary sessions at AGRIVISION aims to helping farmers to adapt the global best practices by developing the necessary key enabling technologies across a broad range of sectors. The conference will provide new means and methods for farmers to further optimize management of resources, improve crop quality and quantity and remain productive in a changing climate.
